

Kellen Ito

Estimator / Project Manager

BIO

Prior to joining the Bayview Estimation team, Kellen managed IT/POS projects with software solutions and the implementation of technology systems. Utilizing his experience in project management, Kellen brings those skills to the construction industry. His role in Bayview is to perform takeoffs, review contract documents, and evaluate project specifications. By pairing his bachelor's degree in Psychology from UC Davis and seven years of customer service experience working for the Golden State Warriors, Kellen carries an unparalleled perspective to Bayview projects.
